Low Voltage

Fire

iBMS

Green Building

AV & Automation

VALUE ADDED

SERVICES

Services

what we do

MASTER PLAN

Master Plan is an essential service for phase-wise development and mega projects. This ensures seamless and smooth expansion of services without disturbing the existing operational setup and working.

BIM

BIM is the future of design industry. BIM helps to review an entire project in 3D with the additional feature of clash resolution among various disciplines to avoid cost of rework and loss of time.

FIRE AUDITS

We extend our support to architects at the inception stage of a building so that the output is compliant with fire requirements in all aspects of the building. Thus, further changes or modifications can be minimized after receipt of fire approval.

PEER REVIEW

A third eye to evaluate project designs for cross-checking, verifications and value engineering is essential for validating provisions made with respect to space, capacities, technology, value, serviceability and maintenance.

EC - MOEF

Compliance as a social responsibility to all projects needing EC/MOEF approval is vital. We provide support to ensure smooth approvals of the submission to authorities by providing all necessary inputs/provisions as per statutory requirements right at the inception of the project.

Founder

credentials

R N Joshi
Managing Director

ARKK Consulting's MEP expertise is backed by 36+ years of dedicated design experience of its Leader and Principal Consultant, Mr. R.N. Joshi. RN, as he is fondly called by his business associates and industry colleagues, has successfully delivered large and diverse projects in both national and international arenas.

RN is a BEE approved Energy Manager and has been an certified ISO Auditor. He is presently part of the eight-member ISHRAE National Committee for Technical Standards. He has held several positions in ISHRAE since 2006 and was President of its Mumbai chapter in 2019-20. During his association with ISHRAE, the Mumbai chapter which he led was awarded the Best Chapter Award.

Director

credentials

Milind Bhide
Director

Milind started his career specializing in Electrical and LV Design over 20+ years ago and has developed himself into a full fledged MEP Design Specialist.

While managing MEP Design Coordination, Milind specializes in Statutory Compliance. He is also responsible for internal trainings and development of the in-house team. He is a skilled consultant for Environmental Clearance of large scale projects.

Director

credentials

Prasad Kulkarni
Director

Prasad started his career as specializing in HVAC over 20+ years ago and has developed himself into a full fledged MEP Design Specialist. He has been managing complex projects such as Hospitals, Hotels, Factories, Large Residential Establishments, etc.

Having risen through the ranks, Prasad has always been a hands-on consultant. He manages Design Coordination and site related issues with a focus on providing practical solutions which are cost effective to the clientele.

Jitendra Pore
Regional Director - Pune

A dynamic professional with nearly 33+ years of rich Overseas & Domestic experience in Operations/Maintenance, Coordination, Planning, Erection & Commissioning of Engineering Retrofit Projects (MEP) with Materials Management, Commercial Operations and Team Management.

Anchoring on-site erection if necessary, during pre-commissioning & commissioning of various equipments & systems and ensuring effective resource utilization to maximize the output.

Installation and commissioning of various equipment as well as conducting tests & inspections to ensure operational effectiveness of plant & utilities.

Testimonials

Recognition of our work

Testimonials

recognition of our work

Rahul Mehrotra

Principal, RMA Architects

“

ARKK Consulting has been closely associated with us for over a decade. They have been an integral part of the services we offer to clients to realize buildings around the country. Their team is passionate about good design and pay careful attention to detail as well as strive towards seamless integration of services in architectural projects. They have great communication on projects and clearly see this as an integral part of the process of evolution of any successful design exercise. We truly appreciate their culture of working and the contributions they have made to our projects.

Malay Kumar Ghosh

Principal, Espace

”

ARKK Consulting's team of young innovative engineers have worked closely with Espace on a number diverse projects across sectors. I have personally worked with them on several projects and have seen them grow in terms of size and stature. Their approach of applying significant thought to design and integrating it in all elements of the project helps to create true value addition. Their entire team is design-conscious, motivated and responsive to client requirements. Their ability to handle large, complex projects is truly commendable. We at Espace Group consider ARKK Consulting as an integral part of our team.

Srinivas Meka

Director, Ameya Design

“

ARKK Consulting has been working closely with us to translate ideas, goals and objectives into solutions which are optimally functional, aesthetically pleasing and resource-efficient. Their entire team is energetic, enthusiastic, highly design-driven and totally committed to their projects and their clients. They believe in continuous and open communication as an integral part of a positive client relationship.

Testimonials

recognition of our work

Uttam Ghosh

GM – Projects, Emami Realty

“

ARKK Consulting has been associated with my organization EMAMI and personally with me too for a long time. Led by Mr. R N Joshi, ARKK is a professional consultancy firm providing advice on MEP Infrastructure services for all industry sectors including technological advancement in various fields like residential, commercial, hospitals and hotels. I have personally worked with the firm very closely and found their services to be excellent in all fields. Their expertise on HVAC systems and its technological advancement is really praiseworthy. I shall recommend ARKK as a one of the top ten services consultants in India.

Sanjay Agarwal

President, AMRI Hospital

”

To AMRI Hospitals, ARKK Consulting is not just an MEP consultant but a family as we have always felt and remained safe with them at the helm of affairs. Led by Mr. R N Joshi who is visionary, knowledgeable, practical, approachable and at the same time very down-to-earth. These qualities have been imbibed by ARKK's team members too. I wish them success in all their future endeavours.
